

Press Plate Type FT G1 and FT G2

Material

- Glossy plate
- Stainless steel, Material 1.4016 / AISI SUS 430 BA
- Mirror polishing
- Deburred edges, round/smooth corners

Available thickness

- 0.8 mm

Available roughness value (RA)

- Surface roughness $RA \leq 0.03 \mu m$

Additional information

- Type FT G1:
 - Surface hardness $HV \geq 850$
 - Material hardness $HV \geq 400$
 - Brightness $\geq 580^\circ$
- Type FT G2
 - Surface hardness $HV \geq 400$
 - Material hardness $HV \geq 400$
 - Brightness $\geq 600^\circ$
